

A yellow magnifying glass is positioned in the center, focusing on a large, light-colored question mark. The background is a dark blue gradient, filled with numerous smaller, semi-transparent question marks of various sizes and orientations, creating a sense of inquiry and search. The text "How should I revise?" is written in a clean, white, sans-serif font across the middle of the image, partially overlapping the magnifying glass and the question marks.

How should I revise?

Video 1/2: Active Recall: 7 Study Tips Supported by Science (6 mins)

Task One: Whilst you watch, jot down examples of effective revision technique.

<https://www.youtube.com/watch?v=97Rs3oDzEtc&t=2s>

Task Two: Which techniques have you tried so far? Are there any you think will work best for you?

It's better to do a variety of these methods of active recall, rather than just one. Which one are you going to try first?

Video 2/2: Spaced Repetition that can be used with your revision timetable

Putting into practice

- Task Three: Choose one topic and create a list of at least 10 questions and answers.
- Task Four: Swap your questions with your partner and test each other on your questions.
